

**PRESS RELEASE**

**KOLEX, s.r.o. is Jekko's new exclusive dealer  
in Slovakia and the Czech Republic**

The Company offers full sales, service and technical consulting  
for the whole Jekko range

Jekko continues to expand its global presence by signing a contract with a new international dealer. As of early June 2024, **KOLEX, s.r.o.** is the latest exclusive Jekko dealer for **Slovakia and the Czech Republic**.

Currently, Kolex offers **complete sales, service, and technical consulting** of our products for the whole Jekko range, ranging from SPX mini cranes 2.8-8 ton, JF articulated cranes 6.1-21.5 ton, and MPK minipickers 0.6-5 ton.

Based in Nitra - Slovakia, and Ostrava - Czech Republic, Kolex boasts over **30 years of experience** in the construction machinery and mechanization sector and a broad team of technical experts in the industrial machinery and lifting industry located throughout the area of responsibility.

"I am fully confident that the choice of Kolex as a partner is the winning choice." **Alessio Forcolin**, Jekko Export Area Manager, said. "Kolex has a strong structure and an established reputation in the Central European market. Their valuable local market knowledge will be a valid help for Jekko to tailor its offerings to meet specific regional demands. We are convinced that our user-friendly and technologically advanced cranes will be appreciated by operators since they will easily understand the flexibility of use that is unattainable by other types of cranes."

**Miroslav Majba**, Kolex Managing Director, said "I am completely convinced that today begins a long and fruitful cooperation between our Companies. Jekko mini cranes are an ideal addition to our assortment of construction machines. With Jekko, I see a huge potential for expanding our activities into other branches of industry".

**Robin Jež**, Kolex Sales Director, adds "I have always had a true passion for Jekko. I have been cooperating with the company for several years during my career. I truly believe both Jekko's drive and machine development to be extraordinary. Jekko's personal and friendly approach makes me feel highly energized and I am very proud to be Jekko's business partner and thus take part in building the Jekko brand."

## Who is Kolex, s.r.o.?

KOLEX, s.r.o. is one of the **largest suppliers** of construction machinery and mechanization in the **Czech Republic and Slovakia**, providing technological solutions for various industries. The company's expertise extends to tunnels and mines, prefab production, and waste treatment, making it a pivotal player in the region's industrial landscape.

Kolex represents several renowned brands, including Putzmeister, Sany, Atlas Copco, and Husqvarna Construction, all recognized as leading manufacturers globally. This strategic partnership enables Kolex to offer a **wide range of high-quality machinery and equipment** to meet diverse customer needs.

In addition to supplying top-tier products, Kolex is committed to delivering **comprehensive services** that encompass sales, service, rental, consulting, and financing. The company's sales team provides expert guidance to help customers choose the best equipment for their specific requirements. Kolex's service department ensures that all machinery is maintained in optimal condition, minimizing downtime and maximizing productivity. The rental service offers flexible solutions for short-term projects, allowing customers to access the necessary equipment without significant capital investment.
